

# Student First Aid

Student First Aid is a valuable addition to any student's skillset. As well as equipping them with the knowledge to be the difference between life and death, learning first aid helps to improve self-esteem as well as teamwork and communication skills. Having knowledge of First Aid and Life Saving Skills is essential for them in their future lives. These invaluable skills will prepare them for situations where they may save the life of a friend or a family member.

Our practical and tailored Student First Aid courses are designed specifically for students. We offer two levels of training; Level One is 2 hours and is aimed at primary school children in 5th and 6th class; Level Two is aimed at secondary school children, this can be a short 2 or 3 hours course to a more comprehensive one day course.

Our Student First Aid courses offers theoretical and hands-on exercise, empowering the students with the confidence to be able to respond in an emergency.
